Subj: Letter of Recommendation

1. Due to the ever increasing need of highly trained Marines deployed throughout the world as part of the Global War on Terrorism, it has become necessary to train and sustain the individual Marine for an ever increasing level of readiness for future conflicts to come.
2. The Marine Corps Martial Arts Program (MCMAP) has become the program to help realize the potential of every Marine as a proficient warrior in Hand-to-Hand Combat tactics.
3. I have personally trained with Paul Vunak for a period of over three years. I have found his techniques to be among the best in the world in regards to the science of hand-to-hand conflict and fighting. There are very few systems in the world that compliment the mindset of self protection as outlined by the Marine Corps. Mr. Vunak's system has complimented the training that I have given to my Marines, and in my opinion has helped to develop them more fully in self-preservation and the Martial way.
4. I would personally like to thank Mr. Vunak for his desire to perpetuate the Martial Sciences and his personal knowledge to the civilian and military community.
5. I highly recommend Mr. Paul Vunak to anyone who has the desire to elevate their personal safety and the safety of their loved ones. From my professional standpoint Mr. Vunak has shown me that he is extremely knowledgeable in almost all, if not all, encounters you will find as a danger to yourself or others.
